

3-5

Early years (toddler)

I can:

- Make friends
- Follow instructions
- Control my temper, mostly
- Share and play with others
- Ask questions. I am curious and want to know why!

I am learning how to:

- Notice and understand other people's feelings
- Know what is right and what is wrong
- Solve puzzles and problems on my own
- Come up with complex questions and ask for help to answer them
- Be more confident and expressive

Help me learn by:

- Providing time and space for creativity – outdoor games, art and craft, dramatic play
- Talking with me about people, events and things – figuring out together what happens, how and why
- Encouraging me to ask questions and share my ideas
- Letting me spend time with other kids
- Showing me good ways to behave and talking to me about your feelings and experiences
- Setting the rules and making sure I know what is expected of me
